

“Month” “Year” _____ Group GSR Report

My Name is _____ and I'm an Alcoholic. My home group is _____.
Our Group meets _____ (*Where and when*)

Have we recently changed or adjusted our contribution pie chart lately for distribution splits? Have we recently implemented a new service position or updated our bylaws? Have we changed any days, times or locations of our meetings lately? Did we make any other major decisions or changes at a recent business meeting? Do we have any special events coming up or flyers to distribute? Are we planning a group inventory? Have we recently done a group inventory? Have we recently experienced any major problems with a safety concern or any other problems you may want to share with the district in an attempt to ask for help or direction or to share information about how your group got through it using the Steps, Traditions and/or Concepts.

(These examples of info to report will never be all in the same report as this stuff is spread out throughout the year.)

In Service,
Name
Position
Group
Phone or email

*No one wants to hear how much you are bringing in for 7th Tradition or how many are in attendance at your meetings. That is not useful information to share with the district. Other than asking for shared experience with a situation, do not ask for “support”. Your group should be fully self supported by the voluntary contributions of its own members. If attendance is low or you are not getting new members, you may want to consider a group inventory.
