

09/07/18 September CPC

Greetings district 5! Hope everyone has had a great summer. Not a lot to report for CPC this month. The budget looks great for the up-coming year. We are still planning our CPC meeting for October; I'm trying to figure out the best time/date that will work for everyone. I will be attending the September assembly for my home group and I plan to attend the November assembly for CPC as well. I'm excited to network and chat with other districts and see if we can't come up with some new cost effect ideas to reach the professionals in our district, if you have any ideas we would love to hear them as well. See everybody on Sunday 😊
